1.3 Document Best Practices of CDRC/N

a. Document Best Practices of CDRC/N

- July 16 – CDRC and regional partner ABI met with Center for Disaster Preparedness (CDP) for GNDP Visit. ABI whose CBDM practice was chosen as one of the 13 best CBDRM case stories in the Philippines, agreed to host the exchange visit. The objective of the exchange is to enable organisations to improve the quality and effectiveness of their work by learning from a similar organisation operating in a different context.
- b. Release Best Practices Book and Video on CDRC's 35th Anniversary
 - Collation of best practices from regional partners is on-going.
- c. Regular publication of Case Studies/Stories of CDRC/N on the website

1.4 Participate in DRR and CCA conferences, forums, events, etc.

- July 10, **CDRC at the CCNCI Climate Change Forum on Women** - CDRC is a panelist and resource speaker in a climate change forum organized by Climate Change Network for Community-based Initiatives (CCNCI) at CDRC Conference Room, Quezon City. CDRC, Philippine Commission on Women (government), Center for Womens' Resource (NGO), Lingap Gabriela (NGO), and the Amihan Women (people's organization) discuss the plight of women in climate vulnerable communities and the need for sector-specific climate change adaptation programs led by women. The vulnerabilities highlighted in the forum are the loss of livelihood and food insecurity in farming communities due to climate change impacts that put women at high risk to gender-based violence and negative coping mechanisms. Amihan Women shares their research on community-based climate change adaptation practices of women in Rodriguez, Rizal. CDRC shares its experience on community-based DRR trainings wherein women, especially those in the rural areas, are recognized as effective agents of DRR-CCA advocacies in communities. The forum panelists conclude that climate policies, access to government's climate funds at the local level, and CCA programs can be developed through continued consultation and dialogue between key stakeholders and communities. (Reference: [CCNCI Page](#))
- September 28, **Discussion on the Department of Disaster Resilience Bill (HB 8165)**. In this activity, CDRC and other CSOs working on DRRM and Climate Change raised concerns about provisions in the bill that weaken efforts to build local capacities of LGUs and communities. 1.5 Participate/join in DRR and CCA formations/networks

- July 20, **CDRC in DRRNet Philippines 10th Anniversary** - CDRC celebrates the 10th anniversary of the formation of Disaster Risk Reduction Network Philippines (DRRNet Phils) which is composed of more than 50 DRR NGOs in the Philippines. The event highlights the accomplishments of partners in the implementation of community-based disaster management programs in the country. As one of the 11 conveners, CDRC takes part in setting the annual priority DRR agenda and advocacy plans of the network. DRRNet Phils is part of the government's National DRRM Council. (Reference: [CDRC Page](#))
- Aug 20, **CDRC in DRRNet 7th Conveners Meeting** - CDRC participates in the 7th monthly meeting of DRRNet at ACCORD Office, Quezon City. The conveners discuss the action plans

on the government's proposed Department of Disaster Resilience Bill, policy advocacy, recategorization in GNDR, and localization agenda.

- Sept 5, **CDRC in DRRNet: Review of DDR Bill or House Bill 8165** - CDRC participates in the DRRNet's initiative to review the implications of the creation of Department of Disaster Resilience Bill in the implementation of DRRM law in the country. Conveners drafted a policy recommendation to address several issues in the DDR Bill.
- Sept 28, **CDRC in DRRNet: DDR Bill or House Bill 8165 Meeting** - CDRC participates in the continuation of DRRNet's DDR Bill review in Heyden Hall, Manila Observatory. After the review, the conveners agree on opposing the enactment of the bill. DRRNet plans for campaigning and lobbying against the DDR Bill.

2. RCs are strengthened through CDRC's capacity building program.

2.1 Conduct organizational diagnosis of 16 RCs

- Aug 2, **Network Capacity Mapping** – During the CDRN Proposal Development and Planning Workshop, one of the workshops was mapping the existing capacities of the regional centers and identification of capacity gaps to be addressed.

2.2 Conduct mentoring and coaching sessions for priority RCs (finance, admin, project management, institutional building, M&E, etc)

- Aug 18, **CDRC creates Project Management Team (PMT) for A-PAD project** - Some of CDRC's management committee members formed a PMT which will provide guidance on the special projects needs of A-PAD. The project coordinators may regularly discuss with the PMT on the direction-setting concerns of the project. The PMT consists of CDRC ED, Coordinators from Research & Public Information and Local Partnership departments, and the project's national coordinator and platform coordinator. A monthly PMT meeting is set.

2.3 Review CDRC and CDRN's EPRP annually

- September 8-9, **CDRC Staff Development: EPRP Workshop** – CDRC and project staff conducted a two-day Emergency Preparedness and Response Plan (EPRP) workshop held in Antipolo City. Day 1 discussions include presentation of EPRP development, emergency response, preparedness activities, network resources, information management and general overview of the revised Damage, Needs and Capacities Assessment (DNCA) form. Activities for Day 2 involve discussions on the "The Big One" Earthquake and the development of Earthquake Response Plan. (Reference: CDRC Page [1,2](#))

2.4 Conduct First Responders Training

2.4.1. DNCA

- Two Rapid Assessment Teams (RATs) were deployed in Cagayan and Ilocos before typhoon Ompong made its landfall. CARE Ph provided operational expense for DNCA and Oxfam Ph helped in the documentation for media coverage.
- Sept 13-17 – CDRC and CVDRC dispatched a team to Cagayan (Aparri, Sto Niño, Rizal, Gonzaga, Sta. Ana, etc.) to conduct rapid assessment

3. Adequate resources are generated to support the 16 RCs and the CDRN Secretariat in its operations and programs.
 - 3.1 Develop proposals
 - August 1-4, **DKH: DRR Proposal Development and Planning Workshop** – CDRN members gather for a 4-day DRR proposal development and planning workshop at CDRC Conference Room, Quezon City. The overall workshop objective is to design the second phase of DKH’s DRR project entitled, “Enhancing Capacities in DRRM for more resilient people and

DKH DRR Consultant Cris Ball and the CDRN representatives during Workshop Assessment

communities in the Philippines (EnCap).” The Encap II is anchored at the DKH’s DRR Strategy for the Philippines (2018-2022), evaluation of Phase I project implementation, and the measurement of the institutional strengths and weaknesses of the regional centers. The DRR proposal is mainly geared towards strengthening CDRN’s capacities on alliance-building and networking, advocacy and campaigns, Disaster Preparedness Committees formation, formulation of DRR program protocols and guidelines, and improved emergency response efficiency. The activity enables consensus-building among CDRN members with regards to the direction-setting of Community-based Disaster Management (CBDM) in a changing development landscape in the country. (Reference: CDRC Page [1](#), [2](#), [3](#), [4](#))

- Sept 10, **DKH: DRR Proposal Encap 2 Proposal Writing** - CDRC Officers (Training Coordinator, Research & Public Information Coordinator, and Deputy ED) work on the Encap 2 proposal with project consultant on at CDRC Office, Quezon City. The project concept, narrative proposal, and logframe are fine-tuned according to results of the workshop held with RCs on August 1-4, 2018.

3.2 Assist RCs in identifying their strengths and expertise

- September 11-14, **DKH: Training on Cash-based Programming** - CDRN members and DKH partners in the Philippines, through the support of DKH, undergo training on cash transfer programming in humanitarian response on September 11-14, 2018 at La Breza Hotel, Quezon City. DKH Cash Transfer Program Expert, Saima Nazish, facilitates the training. (Reference: CDRC Page [1](#),[2](#),[3](#),[4](#))

3.3 Link RCs with potential partners and donors

- Aug 6, **CDRC planning for A-PAD Cebu Regional Platform Launch** - CDRC, through the national project staff, consults CDRN RC in Cebu, Cebu-bohol Relief and Rehabilitation Center (CRRC), and its local networks for the A-PAD Cebu regional platform on at St.

Paul Bldg., Mandaue, Cebu City. CRRC gathers existing A-PAD partners in Cebu to identify strategic new potential partners from the private sector, media, academe, and CSOs in the region that will make up the regional platform for DRRM collaboration.

3.4 Monetize in-kind donations

- In-kind donations received from July to September 2018 amounted to PhP18,450.00.

3.8 Conduct regular CDRN Exec. Council meetings

- Aug 20-21, **CDRC consults CDRN heads for A-PAD project** - CDRC management committee consults executive directors of RCs that pilot the A-PAD Philippine project (TABI, CRRC, MISFI) at CDRC conference room, Quezon City. CDRC and A-PAD RCs evaluate the project gains and implementation challenges since 2015. RCs share their prospects and opportunities in the alliances and partnerships formed in the region. They also emphasize how the project has been helping the RCs in reaching out to local partners. CDRC and CDRN identify the need for strategic plans on sustaining engagements with A-PAD partners beyond the project timeframe.

3.9 Implement DRR, Emergency Response, Early Recovery, and Rehabilitation projects with RCs

6. CDRC’s network of partners and volunteers (both local and international) has expanded.

6.1 Link with partners/potential donors/networks

a. Identify new target partners

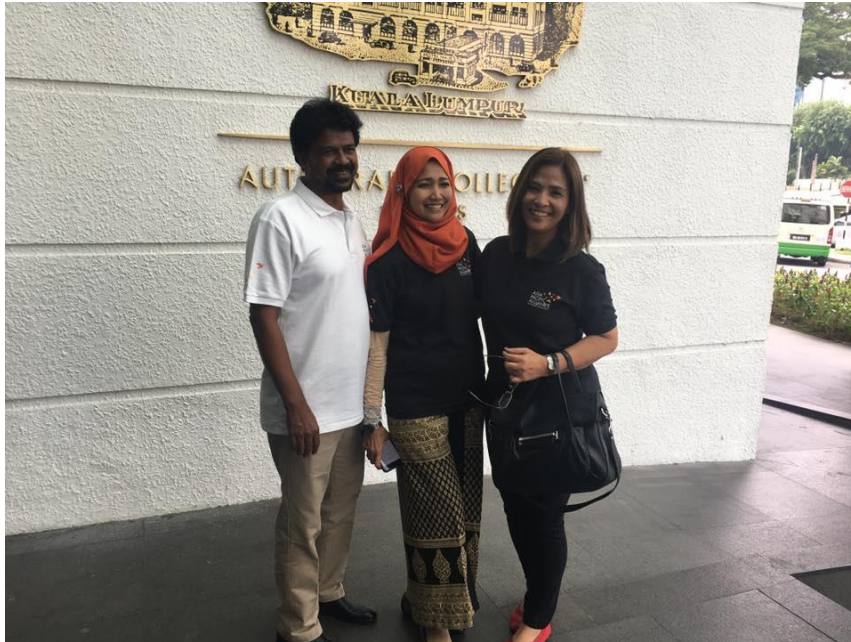

- July 13, **A-PAD Philippines Regional Platform Launch in Bicol** - CDRC, through its project with Asia-Pacific Alliance for Disaster Management (A-PAD) and funding support from the Ministry of Foreign Affairs of Japan, launches the regional platform for DRRM collaboration in Bicol on July 13, 2018 at Avenue Plaza Hotel, Naga City, Bicol. CDRC management representatives, CDRN chair, A-PAD project staff, national co-convenor PDRF, A-PAD Management Office coordinator, Naga City Mayor, local business chamber, and Bicol platform members from other sectors take part in the activity which gained region-wide media coverage. A-PAD Bicol is the first of six regional platforms to be launched within the phase 3 of the A-PAD project that aims to enhance the disaster response capability of CDRC/N through promoting collaboration among government, private sector and civil society organizations. A-PAD Bicol

regional platform (RP) is composed of 20 partners who signed a memorandum of understanding for sharing their capacities for DRRM efforts in the region. A-PAD RPs are facilitated by CDRN to expand its network from private sector and LGUs for a localized DRRM commitment to collaborate and mobilize local resources. b. Participate in partner activities

- Aug 6-7, **CDRC in A-PAD Founders' Meeting in Malaysia** - CDRC Board of Trustee Member, Ms. Lourdes Louella Escandor participates in A-PAD's founders meeting in Kuala Lumpur, Malaysia. CDRC shares the A-PAD project achievements and challenges for the past three years and goals and plans in the succeeding years. Regional platform formation through CDRN and multi-sectoral DRRM collaboration are identified as a niche and marked as a best practice of the Philippine platform. The founders agree on formulating a strategic plan (2018-2022) that will define A-PAD's priorities such as: 1) to develop a communication strategies, 2) to explore innovative business models, 3) to establish an A-PAD training institute, 4) to gain more partners in the national platforms, and 5) to come up with a project for a medical ship. CDRC is one of the NGOs in the Asia Pacific region that conceptualized and established national platforms in the Philippines, Japan, Indonesia, Sri Lanka, South Korea, and Bangladesh.
